

## **Looking For A Summer Job?**

**Think you would like to stay at the Cottage and work?**

**How about driving to work in your boat?**

**Spend your days off at the lake?**

**Like to work around people and boats?**

**Then a summer job at a Marina may be just the thing for you.**

**Mountain Trout House Marina is now accepting applications for summer employment for the 2008 summer season. There are all sorts of things to do from running the chip truck to working with Tony in the shop.**

**If you are interested then you need to do the following.**

- 1. Draw up a resume that covers your previous work experience.**
- 2. Get a copy of your latest marks from school.**
- 3. Attach both of these to an e-mail that you send to us at [mth@muskoka.com](mailto:mth@muskoka.com).**
- 4. In that e-mail you need to tell us why you want to work at Mountain Trout House, how many hours are you looking for every week, any days you cannot work. When you can start in the spring and when you will need to finish at the end of the summer. Also, let us know if there is something you would really like to do.**
- 5. Follow up your e-mail with a phone call to make sure we got it.**

**Then the tough part starts as we need to collect all applications before we start setting interview dates.**

**What do you think?**

**Want to have some fun this summer?**

**Let Us Know**

**Don and Dawn  
Mountain Trout House Marina**
